

# TTS SAVED OBJECTS GUIDE

1. Download the .JSON file found in this Dropbox folder: “Homeland Suite July 7 2025”
2. Find your Saved Objects folder for Tabletop Simulator as follows:
  - If you’re on Windows, open your file explorer and navigate to....  
**My Documents > My Games > Tabletop Simulator > Saves > Saved Objects**
  - If you’re on Mac, open Finder, click the Go menu, then click Go to Folder, and type...  
**~/Library/Tabletop Simulator/Saves/Saved Objects**
  - If you’re on Linux, navigate to...  
**~/local/share/Tabletop Simulator/Saves/Saved Objects**
3. Copy the files you downloaded into the Saved Objects folder.
4. Open Tabletop Simulator and create a new game. Click on the Objects button near the top of the screen, and then click Saved Objects. There, you should see the Homeland bag object.
5. Click on the Homeland bag object, and then click on the table to spawn its bag. You will find everything you need inside the bag.
