CLERIC PRAYERS

Memorising Prayers

Once per *Day* a *Cleric* may spend an hour memorising a number of prayers equal to their *Level*, from scrolls and books. A *Cleric* can only memorise prayers from levels up to and equal to their own *Level*.

Casting Prayers

A *Cleric* can spend an *Action* on their *Turn* to cast a prayer from memory. Once the effects of the prayer have been resolved, the *Cleric* should make an *Attribute Test* - adding the prayer's level to the roll.

If they have already cast the prayer this session, the **Attribute Test** is made with **Disadvantage**. If they fail, the prayer is no longer memorised.

When **Turns** are being tracked using **Minutes** a **Cleric** may spend an **Action** to attempt to cast a prayer by reading it from a book or scroll. To do so they must make an **Attribute Test** - adding the prayer's level to the roll. If they succeed, it is cast. If they fail, it misfires and the **Player** should roll on the *Magical Side Effects* table (p.43 in the main rule book).

A **Cleric** can only cast prayers up to and equal to their **Level**. Prayers use **Wisdom** for all **Attribute Tests**.
